

**Golf Teaching System Takes The Next Step at Wintergreen
V-1 Coaching System Software Featured at the Wintergreen Golf Academy**

Mountain resort's award-winning courses complement V-1 Pro program

Picture the perfect golf swing. "Now put yourself in that picture," says Geoff Redgrave, director of golf and instruction at Wintergreen Resort.

Making that picture a reality is the foundation of the highly successful Wintergreen Golf Academy, located at the 27-hole Stoney Creek golf facility, nestled along Virginia's historic Rockfish Valley. V-1 Pro golf teaching technology is a scientific system combines biomechanics with golf expertise to obtain maximum results.

At Wintergreen, each Golf Academy teaching professional will assess a student's golf game and tailor a program to train any body type – based on size, age, gender and other factors – to achieve the ideal swing. Instruction is not only invaluable to existing golfers looking to improve, but is an excellent starting point for beginners, as well.

The Wintergreen Golf Academy offers a one-day program as well as multi-day programs, also designed to fit the individual student's needs. Guest accommodation packages also can be tailored for Golf Academy students, individually and in groups.

Registration information for the Wintergreen Golf Academy and guest reservations are available at (434) 325-8255.
