1. The Property: The Owner appoints the Company as exclusive Manager for the Premises also known as _____, located within the Wintergreen Development in Nelson and/or Augusta County, Virginia.

2. Company's Obligations:

- a. The Company established a program to provide accommodations for resort guests on a transient occupancy basis. There are no long-term rentals provided under the resort accommodations program.
- b. The Company agrees to actively promote and advertise group and individual occupancies of units within the Wintergreen Home and Villa Program. This promotion will be performed by Wintergreen Pacific LLC Marketing Department. Should Owner "market" property through external sources such as Vacation Homes by Owner (VRBO), Face Book, Craig's List or any other publicly available sources, Owner agrees Wintergreen Pacific LLC is the exclusive booking agent and all inquiries to availability of unit and rates are channeled directly to the Company's reservation office.
- c. The Company agrees to operate and maintain a reservations system through which all reservations for the Premises shall be processed.
- d. The Company agrees to operate and maintain a Front Desk for guest check-in, check-out and information, as well as a 24-hour central telephone switchboard operation.
- e. The Company agrees to operate and maintain a Home and Villa Properties Office, which shall act as the single point of contact with the Owner as to the Company's performance under this Agreement. Owner agrees to direct all suggestions, complaints or requests for special arrangements directly to the Home and Villa Properties Office.
- f. The Company agrees to provide an Accounting Department to account for all receipts and the payment of all commissions, fees or charges processed through the Company. The Company agrees to pay Owner the revenue from the Premises less commissions, fees and expenses by the end of the fiscal month following the month during which the revenue was earned. Owner agrees that the Company shall not be required to escrow any amounts payable to the Owner pursuant to this Agreement.
- g. Subject to availability, the Company agrees to reserve accommodations in the Premises to all individuals who specifically request the Premises. Other than when specifically requested, all accommodations will be reserved on a fair rotation in an effort to meet the guest's request.
- h. The Company agrees to perform all regular housekeeping and cleaning and to provide bed linen and towel changes as necessary to maintain a high quality accommodation. For Condominiums the expense for this service will be the responsibility of the Company. For Homes the expense for this service is the responsibility of the Owner. Refer to Exhibit A for fees and rates.

- i. The Company is authorized to hire an outside consulting firm at the Company's expense to develop a rating system and train Wintergreen staff members. The rating system will be based on hospitality industry standards and similar resort properties. This system utilizes a rotation points system which adds rental nights to the rental unit based on the rating level of the unit. Wintergreen staff will rate each property in the rental program on an annual basis (or more frequently if needed). Owners will be provided a written report with recommendations for improvement. A rating of Gold, Silver, Bronze, or Below Standards will be assigned to all rental properties. Owners will be given ample time to complete repairs and upgrades. The goal is to maintain GOLD and SILVER rated units in the program. Any property not meeting Wintergreen's minimum standards of Silver or Gold may be temporarily blocked from the rental program until matters are improved. Owner will be allowed sixty (60) days to complete items necessary to maintain standards required to be suitable for occupancy. The assistance of the Home and Villa Properties Office shall be available to assist Owners in maintaining standards suitable for occupancy. Noncompliance by Owners with the requirements detailed in the evaluation will result in the Premises being (i) downgraded or (ii) declared un-occupable and "out-of-order".
- j. The Company agrees to provide a Resort Services maintenance group on a year round basis. No representations are made that Resort Services shall be able to provide every type of repair on every type of appliance or fixture. Resort Services shall not make repairs on items that it knows or believes to be under warranty without the prior consent of the Owner, except when necessary for guest comfort. All repairs not covered under the Maintenance Agreement (annual fee) will be at the Owner's expense.

c. Wintergreen has a conference and meeting facility and is actively promoting group and conference business for accommodations within the Company's program through the Wintergreen Resort Conference Sales Office. For group bookings where no third party commission is paid, Wintergreen Pacific LLC shall be paid a Conference Fee as set forth in Exhibit B attached hereto.

d. An Activity Fee, as set forth in Exhibit B attached hereto will be deducted from the Gross Proceeds prior to calculating the Company's commissions.

Such rates will be reviewed annually by Wintergreen Pacific LLC.

The Company, in its creation of packages and special promotions and sales to group and conference business, shall have the right to offer reduced rates. Additionally, the Company shall have the right to reduce the rate of the Premises to the rate of a smaller accommodation at the Resort if there is demand for smaller accommodations and the Premises have not already been reserved for occupancy. The Company shall endeavor at all times to reserve the Premises at a rate that it feels will generate the highest possible revenue and occupancy.

5. Discounts, Rebates and Uncollectible Fees:

- a. The Owner authorizes the Company to provide discounts that are customarily granted in the industry provided that to the extent reasonably possible.
- b. The Owner agrees that the Company may offer a guest a rebate in the event the guest experiences difficulties with the Premises and/or has legitimate complaints. The amount of this rebate shall be determined by the Company. The Owner also agrees that the guest may be transferred to another property if a rebate is not acceptable to the guest.
- c. Each year, the Owner authorizes the complimentary use (without payment of revenue) of the Premises by the Company for the promotion or benefit of the Resort provided that such complimentary use shall not exceed four (4) nights during any year (May 1 through April 30). Complimentary use will be limited **when possible**, during periods of high occupancy. Further, the Owner authorizes the use of the Premises for an additional three nights for emergency associate housing at a cost to Wintergreen Pacific LLC, of \$20.00 for the first bedroom and \$5.00 for each additional bedroom.
- d. In the event any Premises occupancy fee is uncollectible, neither the Owner nor the Company shall receive any income from such occupancy.

6. Term and Fees:

- a. This Agreement will remain in effect unless terminated by one or more written documents executed by both Owner and Company.
- b. This Agreement and the Company's exclusive authority to accept reservations on behalf of Owner may be terminated upon 60 days written notice from one party to the other delivered personally or by First Class United States mail. The 60 day notice period shall commence on the day such notice is received by the Company. Cancellation of this Agreement shall terminate the Company's authority to accept future reservations for the Premises, and the Company will use its best efforts to transfer any confirmed reservations to other accommodations subsequent to the 60-day period. However, the Owner shall be responsible for any expense incurred by the Company as a result of the Owner's failure to honor confirmed reservations beyond the 60-day period.
- c. Exhibits attached hereto are subject to modification at the Company's discretion. Notice of changes shall be made by the Company to the Owner in writing at least 60 days prior to becoming effective. For purposes of items such as promotional usage and administrative fees, the occupancy year shall be construed to begin on May 1st or the date of execution thereof and shall end on the following April 30th for each year during the term thereof.

7. Reservations:

- a. The Owner authorizes the Company to accept reservations for the Premises up to 12 months in advance of the date of the reservation. Booking for Owner Occupancy may be made on-line by the owner. Friend-Of-Owner (FOO), Immediate Family Member (IFM) or other type of reservation or block must be made through the Home and Villa Office. (Immediate Family Member is defined: parent(s), grandparent(s), sons, daughters, siblings, grandchildren). During non-business hours, owners may contact the Wintergreen Front Desk for assistance in reservations. The owner will be provided with log-in and account information. If problems arise, coordinate with the Home and Villa Property Office for resolution. The Owner agrees to honor all existing reservations that conflict with the Owner's requested dates that cannot be moved to an alternative accommodation. Whether an existing reservation can or will be moved is at the sole discretion of the Company. Every effort will be made to accommodate the Owner. Any disturbance by Owner to a guest occupying Premises may lead to immediate termination of this Agreement.
- b. The Owner's reservations shall be confirmed either by printed correspondence or email with a confirmation number. Both the Owner and the Company shall use their best efforts to avoid reservation conflicts.
- c. The Owner agrees never to use the Premises nor permit any person, whether family member or Friend of Owner to enter the Premises, without checking in and out at the Company's Front Desk. Owner agrees to notify Front Desk of departure. Occupancy periods begin at 4:00 p.m. on the day of arrival and end at 11:00 a.m. on the day of departure. Owner may be granted a late check-out by calling the Front Desk on the day of departure providing there is no occupancy booked for the Premises on that day.
- d. Repairmen, vendors, retailers or other service provider contracted by the Owner must check in with the Home and Villa Property Office and the Company Front Desk in order to obtain a key and access to the unit.

- e. The Company reserves the right to reject the Owner's requests for special restrictions in connection with reservations or occupancies. Further, the Company reserves the right to remove any Premises from the program, where in the opinion of the Company, the Premises is not available for occupancy enough days of the year, especially during prime times. In order to maintain the integrity of the program, Owner agrees to make their property available for occupancy during at least 50% of the non-holiday weekends (Friday and Saturday) in January and February; and 50% of the winter holiday nights (defined as December 26, 27, 28, 29, 30, 31, Friday-Sunday of MLK weekend and Friday-Sunday of Presidents' Weekend).
- f. Friend of Owner (FOO) stays are available anytime in the Owner's Premises when such Premises are available and/or not already occupied by a "do not move reservation".
- g. The Owner agrees to notify the Company in writing in the event the Premises shall be listed for sale. The Owner agrees to sell the Premises subject to all reservations existing and due to arrive prior to the closing date of sale. The Company will not assign any future reservations to the Premises after a closing date is established unless the Purchaser has signed a Transient Occupancy Management Agreement with the Company. The Owner agrees: (1) to coordinate the showing of the Premises with the Home and Villa Office or the Director of Lodging, and (2) that the Premises shall not be shown when occupied by a guest. Real Estate lock boxes are not permitted on the home/condo.

8. Policies

- a. All rental units are designated as "non-smoking".
- b. The Wintergreen rental program specifies a "no pet" policy for rental reservations. Should a guest be discovered with, or evidence of a pet, an additional departure clean would be assessed to the guest. Should Owner desire to bring pets, Owners are asked to clean as best possible. Should pet residue remain, an additional post-pet clean may be required and charged to the Owner.
- c. In addition to paragraph 7e. above, long term Owner reservations are highly discouraged. Long term Owner reservations will affect unit rotation points which may impact future guest bookings. Special circumstances need to be reviewed with the Home and Villa Office and the Director of Lodging.
- d. For properties equipped with hot tubs, weekly cleaning and maintenance is required. Owner is responsible for contracting with a company to inspect for proper operation of the tub to include all jets, covers, and structural integrity. Additionally, weekly inspection will include water testing to ensure proper pH level; chemicals to be added or adjusted as necessary. Owner will provide to Home and Villa office name of company and contact information. When weekly maintenance is conducted, a copy of the invoice and checklist of work performed is required. All hot tubs will have prominently displayed warning labels for use. Covers are required on hot tubs with sufficient tie-down features.
- e. Homes are required to have "bear-proof" storage containers for exterior trash bins.\
- f. Homes are required to have road signage of address, rental unit ID number, and name of home.

9. Owner's Obligations:

- a. To insure the integrity of the program the Owner agrees to maintain the Premises in a condition satisfactory for occupancy, including, but not limited to floors, carpets, appliances, air conditioning, heating, hot water, plumbing, electrical wiring, kitchen fixtures, draperies and all items specified in the "Properties Basic Equipment List"; Exhibit D germane. In the event that the Premises, in the Company's sole judgment, are not acceptable for occupancy, the Company shall have the right to remove the Premises from the program. In the event Premises shall become unacceptable for occupancy, due to insufficient equipment or furnishings, failure of utilities, or other cause materially affecting the quality of a guest's stay, or if the Condominium Association shall not maintain the common areas surrounding the Premises to a quality standard acceptable to the Company, the Company shall have the right to place the Premises in an "out-of-order" status. The Company shall have no obligation to reserve the Premises while "out-of-order". The Company agrees to return the Premises to occupancy status as soon as the cause for the "out-of-order" status is corrected and the Company has had the opportunity to confirm such correction. In no event shall the Company be liable for any losses that accrue to Owner because the Premises are placed in "out-of-order" status.
- b. Two telephones must be provided for the Premises; one for the living/kitchen area and the other for the master bedroom. Such telephones will be provided by the Company and be an extension from the central switchboard. Monthly fees (as outlined in Exhibit B) and installation costs shall be at the Owner's expense until such service has been disconnected. The Owner agrees that the Company's Accounting Department shall have the right to deduct from Owner's Net Proceeds all expenses accrued by the Owner for the Premises prior to the disbursement of any revenues.

- c. Owners shall be responsible for direct payment of the following items:
- 1) Electric
 - 2) Water and sewer bills
 - 3) Direct payment of gas propane bills for homes and/or other properties utilizing propane heating systems or having a gas fireplace, Owner is required to maintain a contract that provides for an automatic/scheduled refill of the propane system. In addition to direct payment to service provider, Owners of homes:
 - i. agrees to pay charges for trash collection/removal as set forth in Exhibit A.
 - ii. agrees to provide monthly pest control service to the Premises, through a professional pest control service, approved by the Company. Upon request, the Owner shall provide evidence of such pest control service to the Company.
 - iii. agrees to outside services such as snow removal and/or de-icing of walkways, driveways, and sidewalks (arranged by Company as needed)

 - v. will provide (if equipped) fire wood for wood burning fireplaces (as arranged by Company as needed).
 - vi. agrees to have the fireplace inspected and cleaned annually. Owner will be provided with a list of any repairs necessary.

Failure to maintain such services may result in termination of this Agreement addressed in Paragraph 6. The Owner authorizes the Company, at the Company's discretion, to pay delinquent utility charges for the Premises. In the event the Company pays these charges on behalf of the Owner, a service charge equal to 15% of the delinquent charge for the first delinquency occurrence, and 25% of the delinquent charge for all delinquency occurrences thereafter, will be added to the billing. The Owner agrees that the Company's Accounting Department shall have the right to deduct from Owner's proceeds all expenses accrued by the Owner for the Premises prior to the disbursement of any revenues.

- d. The Owner is required to have an Annual Cleaning of the Premises performed by Wintergreen Housekeeping Department or an approved sub-contractor at Owner's expense. In addition, all dry cleaning requirements must be met and itemized receipts provided. Annual Cleanings that are not performed by Wintergreen Housekeeping must be scheduled and coordinated through the Director of Housekeeping. At the completion of Annual Cleanings performed by the Owner or an approved sub-contractor, an inspection must be pre-arranged by contacting the Director of Housekeeping. Owner will be responsible for correcting any portion of the Annual Cleaning not approved by Wintergreen Housekeeping. The Company reserves the right to place a unit in "out of order" status until the unit passes inspection (another inspection will need to be scheduled after any required corrective action). Cost for Annual Cleanings performed by Wintergreen Housekeeping Department will be determined at the beginning of each year. NOTE: Annual cleaning does not include window washing. Window washing is a contracted service and may be conducted on an "as-needed" basis throughout the year. Window washing includes interior and exterior cleaning.
- e. For Owner occupancies, the Owner agrees to pay the Company a Departure Cleaning Fee as set forth in Exhibit A attached hereto. Special rates for charging per "rooms used" cannot be honored.
- f. For Friend of Owner occupancies, Owner agrees to pay a Departure Cleaning Fee as set forth in Exhibit A attached hereto, unless such charges are paid directly to the Company by such Friend of Owner. The Owner will be responsible for any unpaid balance left on a Friend of Owner account.
- g. The Company agrees to install an electronic lock system at Owner's cost (paragraph 10 below). VING lock installation may require installation of new door to accommodate lock. New door will be at Owner's expense.
- h. The Owner of any property joining or rejoining the program agrees to pay the following fees:
 - i) The Set-Up Fee (one- time fee) as set forth in Exhibit A attached hereto.
 - ii) Any Annual Cleaning Fee or Departure Cleaning charge required by the Company.
 - iii) Annual maintenance fee for preventative maintenance functions as stated in Exhibit C.

The Company will bear 50% of the replacement fee for items on the approved House Wares Kitchen Equipment List.

11. Electronic Locks and Ski Locker Closets

Some doors may not be compatible with the Company’s electronic lock system. Resort Services will work directly with the Owner to provide estimates for electronic lock installation and door replacement (if required).

If the Owner elects to discontinue participation in this Agreement, the lock must be removed. The lock will be deactivated from the Company’s system and keys will not be provided. Resort Services will determine if the electronic lock retains any value and if so will offer a fair price to the Owner, as determined by Resort Services, for the lock.

Some doors may be rendered useless and require replacement after an electronic lock is removed from the door. Door replacement shall be solely at the Owner’s expense. At no time will this expense be absorbed by the Company.

Ski lockers must be available for guest use. The lock will be re-pinned to match the Company’s master lock system. The materials and labor will be at the Owner’s expense.

12. Indemnity, Insurance:

- a. The Owner covenants to indemnify and hold harmless the Company and its employees and agents from any liability, injury, loss or damage (including reasonable attorney’s fees and disbursements) arising from or related to the use and occupancy of the Premises during the term of this Agreement provided that any liability, injury, loss or damage proximately caused by the gross negligence or willful action of the Company’s employees or agents shall not be subject to the provisions of this Paragraph 12(a). This Paragraph 12(a) shall survive the term of this Agreement.

The Owner authorizes Resort Services to perform services and to replace parts and materials on any service call up to an aggregate charge of \$250 (or greater if designated by the Owner), per service call. No work in excess of \$250 per service call will be provided without coordination with the Home and Villa Properties Manager and the Owner's prior authorization. However, the Company shall be authorized to perform any work necessary to protect the Premises, its contents, or an adjacent unit in an emergency situation and a situation that, in the judgment of the Property manager, constitutes a safety hazard. Resort Services agrees to notify the Home and Villa Properties Manager of any such emergency work it performs as soon, as is reasonably possible. Items purchased by the Company and charged to the Owner through the monthly statement will be invoiced at the current rates established by the Company and may include a service charge.

- b) Owner will be responsible for costs associated with an initial response to a guest service request related to a system or appliance covered by the warranty.
- c) Company will notify Owner of any service required to repair or replace systems or appliances covered by the warranty.

RENTAL PROPERTIES FURNISHING REQUIREMENTS AND BASIC EQUIPMENT LIST

NOTE: THIS EXHIBIT IS APPLICABLE TO ALL PREMISES JOINING THE PROGRAM AND ANY NEEDED REPLACEMENT OF ITEMS IN UNITS PARTICIPATING IN THE PROGRAM AS OF THE CONTRACT DATE. TO AVOID POTENTIAL DISAGREEMENT RELATING TO QUALITY, APPEARANCE AND/OR TASTE PLEASE DISCUSS ALL DECORATING PLANS WITH THE HOME AND VILLA PROPERTY OFFICE PRIOR TO DECORATING, FURNISHING OR UPGRADING THE PREMISES.

This list outlines the requirements for all units and provides recommendations to make accommodations at Wintergreen Resort more desirable. The Home and Villa Committee has been actively involved in establishing these standards with the goal of developing criteria in keeping with Wintergreen's reputation as a first class resort.

All furnishings and accessories must be of high quality. This reduces problems (and costs) with the upkeep and maintenance and insures adherence to rental standards.

Effort on the part of the individual property Owners to decorate their "second home" can make condominiums and homes very attractive and appealing. However, there is a need for certain uniformity in units to insure that guests receive consistent value for their vacation expenditure.

Decorating accommodations for rental requires a somewhat different approach than that of decorating for personal use. The needs of various guests (families, conference attendee, skiers, golfers, etc.) and practical concerns (maintenance, housekeeping, etc.) must be taken into consideration.

Guests at Wintergreen Resort anticipate relaxing, comfortable accommodations reflective of our resort environment. The general theme of the décor should be selected accordingly. Items of great monetary or personal value (such as antique accessories, family heirlooms and collectibles) should not be placed in the accommodations. Nautical or beach themes and accessories are not appropriate, nor are extensive use of furnishings or art from foreign countries. Decorating themes or accessories in obscene or poor taste are not acceptable. Extreme or "eclectic" décor is discouraged.

Enjoyable accommodations depend upon adequate space and furniture that is appropriate in size. All furniture, particularly sofas, chairs and tables should fit the wall and floor space available and should be positioned to allow easy and safe movement through doors and hallways.

The following guidelines have been established for Premises at Wintergreen Resort

I. SPECIFICATIONS

A. Construction:

1. No changes shall be made which compromise the structural integrity of the building.
2. Licensed professionals must complete all plumbing, electrical and mechanical modifications/upgrades. The aforementioned changes must meet all local, state and federal building and fire codes.
3. All modifications to existing interior walls, ceilings and fireplace surrounds must be performed by a professional.
4. Artificial fireplaces and simulated brick or stone are not acceptable.

B. General:

1. Mattresses and box springs in all bedrooms must match and be in excellent condition. Physical age, actual "use age", material condition and guest feedback determine need to replace. Generally, mattresses should be replaced every 8-10 years. If guest comments identify uncomfortable beds due to age, the Rental Property Office will suggest that the beds be replaced.
2. Outdoor open flame cooking grilles and fire pits are prohibited from being used and are not to be on the property.
3. Spiral staircases are not permitted.
4. Air condition or wall mounted air conditioners are required.
5. Self-draining dehumidifiers are required in lower level condos and in home basements. (refer to the rental property manager for listing of specific units)

C. Window Treatments: Please consult with the Home & Villa Property Management Office for sources and selections. This will insure that specifications are met and window treatments purchased will be durable and will entail limited maintenance.

1. Exterior windows in any living room, dining room, kitchen, bathroom and exterior glass doors should have carefully coordinated coverings and provide privacy.
2. All bedroom windows must have properly hung lined drapes, approved blinds, or shades, which provide complete privacy and blackout capability. This shall include fixed or operable windows affecting a sleeping area.
3. Window coverings must be coordinated with furniture and wall coverings. Drapes must be lined and well-tailored. Rubber-backed drapes, plastic blinds, vertical blinds and woven wooden blinds are not acceptable. Metal and plastic mini blinds are not acceptable due to inefficient insulation properties and tend to break due to improper operation. Two inch PVC blinds made by a high quality manufacturer are acceptable.
4. Cellular shades are acceptable. This hollow honeycomb construction allows an insulation barrier, keeping rooms cooler in the summer and warmer in the winter. These shades should be made of polyester fabric that repels dirt and stains; cleaning is with lukewarm water and mild detergent or light vacuuming. Pull strings and gears should be heavy duty and some manufacturers offer a lifetime warranty. Manufacturers such as Hunter Douglas, Kirsch and Delmar offer quality shades that are acceptable.
5. Fabric covered "Roman type" shades are permitted.
Pull strings on these shades come with heavy-duty gears and cords for ease of maintenance. Plastic gears are not recommended. Wood blinds are also a good choice for many applications.
6. "Sun" shades and roll-up shades, such as those manufactured by Vimco, Costello and Hunter Douglas offer window treatments designed to moderate sunlight and glare while protecting furnishings and conserving energy. These shades are generally low maintenance and easily cleaned.
7. Drapes should be hung on heavy duty decorative rods with proper mounting for stability. Grommet panels are popular due to their maintenance free nature. Traverse rods with pleated drapes, hooks and pull strings are not recommended.

D. Furniture:

1. Furniture should be sturdy and functional as well as attractive and coordinate in color and style.
2. Unacceptable furniture types include simulated wood, wood chip, metal composite, vinyl, plastic, crate style, wicker or cane, and homemade or home refinished antiques (which are not of professional quality).
3. If the Owner wishes to protect the tops of wooden tables or dressers, plate glass is acceptable. However, glass tables with frames or stands are not allowed for safety reasons.
4. Furniture that is constructed of solid wood is strongly recommended because of its durability and appearance.

E. Accessories:

1. Wall hangings should be of pleasing size in relation to the space
2. All pictures and prints must be framed in good quality metal or wood frames, mounted so they do not wrinkle and covered in glass. The only exception is good quality oil paintings and canvas stretched art.
3. "Five and Dime" quality reproductions, soft sculptures, woven or string/macramé wall hangings, collages, posters, needlework and fabric stretched on frames are not acceptable. Personal photos should be removed from a rental unit.
4. Accommodations must be comfortable and tastefully decorated, yet still accomplish a hotel/convention atmosphere.
5. Books or accessories are required on bookshelves.
6. Expensive personal items or items of sentimental value are not recommended.
7. Plastic and artificial floral arrangements/plants that present an outdated appearance are not permitted.

F. Lighting:

1. Floor lamps and table lamps must be the proper size in relation to adjacent tables, chairs, sofas and beds both in terms of function and appearance.
2. Cardboard, paper, wicker or plastic bases are not acceptable.
3. Acceptable bases are wood, wrought iron, cast metal and ceramic (brass and crystal are not recommended).
4. Fabric shades are required on lamps.
5. Halogen "torchieres" are discouraged for fire safety reasons. However, if they are used they must have a "safety grid" properly installed.
6. Lamps and light fixtures must provide a minimum level of lighting. Good lighting is particularly important in task areas such as chairs, beds and writing surfaces (the dining room table in many instances).

In addition to general lighting, the following recommendations should be followed:

- a) General light sources throughout the unit should be a minimum of 60 watts.
- b) The dining room, living room and bedside should have separate task lighting available. Three levels of light equivalent to 50 watts, 75 watts and 100 watts are ideal (i.e., dimmer switches and 3-way bulbs).
- c) Bathrooms should have the equivalent to 150 watts at the mirror and a separate ceiling mounted 100 watt source.
- d) The kitchen should have at least one 75 – 100 watt general light source. Additional under cabinet lighting in task areas is recommended.
- e) Accent lighting over artwork, fireplaces, etc. is strongly recommended (15 watt bulbs are appropriate). These fixtures and all other wall-mounted fixtures must be hard wired.

II. FURNISHING REQUIREMENTS (According to space available):

Living Room:

1. Sofa with coordinated chairs or loveseat. (see Note)
2. Matching end tables and coffee table (bedroom nightstands are not acceptable as end tables).
