### HARVEST GLOW PEDICURE

The session begins with an apple cider foot soak, followed by a bourbon scrub & honey pumpkin mask before toes are polished and painted.

### PUMPKIN SPICE FACIAL & PEEL

Thanks to nourishing omega – 9 fatty acids & vitamin E, this firming treatment helps promote collagen production. After the face is fully cleansed, skin is exfoliated with a peel containing yam & pumpkin. A few drops of serum facial recovery oil and a thin layer of Eminence Stone Crop Masque are then applied. Next, a hydrating pumpkin masque is left on for 5-8 mins and the service concludes with skin-appropriate toner, moisturizer & eye cream.

### WARM PUMPKIN HONEY WRAP

Dry brush skin to gently exfoliate before the body is gently cocooned with the sense of fall as this classic treatment detoxifies, relaxes muscles and soothes the mind while leaving skin hydrated and refreshed.

### \*AUTUMN'S VIBRANT GLOW VICHY\*

To keep skin fresh, smooth & healthy during cooler weather, this invigorating Vichy service starts with an exfoliating scrub containing orange, fresh ground ginger & other essential oils. A honey pumpkin mask is applied before you are cocooned to assist in the detoxification & re-mineralizing process. The treatment is finished with a revitalizing Vichy shower & pumpkin shea butter finish.

### \*SMASHING PUMPKIN VICHY\*

This service includes an enzyme masque with organic pumpkin, clove & cinnamon. The masque is activated with Kombucha and briskly massaged into the body creating a warming exfoliating blend to slough away dull, damaged layers. A warm Vichy shower cleanses away impurities. The session is finished with pumpkin shea butter to nourish the skin.

### \*HONEY PUMPKIN MANI/PEDI\*

This session starts with a hydrating clementine soak. A mud mask full of fresh enzymes, organic pumpkin puree and nutrient clay that instantly boosts radiance is applied after a spicy whipped honey salt exfoliation. Fingers and toes are polished and painted and finally marshmallow melt shea butter lotion is applied .
